## **SC AIR GUARD CHAPLAIN CORPS**

**169<sup>th</sup> Fighter Wing  
McEntire Joint  
National Guard Base**

Chaplains are the spiritual leaders of the National Guard. Their mission is to provide spiritual care and the opportunity for service members and their families to exercise their constitutional right to the free exercise of religion. This is accomplished through religious observances, providing pastoral care, confidential counseling, and advising leadership on spiritual, ethical, moral, morale, core values, and religious accommodation issues.

Chaplains lead the Strong Bonds program in partnership with the Airman and Family Readiness Program Coordinator and assist commanders in building individual resiliency by strengthening the military family. The core mission of Strong Bonds is to increase individual service member and family readiness through relationship education and skills training. Retreats are offered for singles, married couples, and families.

Chaplains help service members and their families during all phases of the deployment cycle. They play a key role in the Yellow Ribbon Reintegration Program as they conduct a variety of workshops for married and single service members, offer individual and family counseling, and provide worship services during the weekend events. Chaplains provide suicide prevention training, crisis intervention after a traumatic event, and spiritual resiliency retreats for service members before and after a deployment.

Chaplains lead a Religious Support Team (RST) which consists of the Chaplain and a trained Chaplain Assistant. The Chaplain Assistant is an enlisted service member who serves as an extra set of eyes and ears for the RST as they support the ministry of Chaplains.
